

2009 Soft Condensed Matter Physics Gordon Conference: SOFT MEETS BIOLOGY

August 9-14, 2009

Early applications will be given preference.

Colby-Sawyer College, New London, NH

Invited Speakers:

Joanna Aizenberg
Andreas Bausch
Erez Braun
Robijn Bruinsma
Michael Cates
Paul Chaikin
Dennis Discher

Erwin Frey
Greg Grason
Ray Goldstein
Jonathon Howard
Jean-Francois Joanny
Jack Johnson
Frank Juelicher

Sarah Keller
L. Mahadevan
Fred Mackintosh
David Quere
Jennifer Ross
Paul Rothemund
Gerald Wong

The Conference will feature a wide range of topics, including

- biological materials, self-assembly
- single molecule biophysics and the cytoskeleton
- structure and dynamics of viruses and microorganisms
- physical aspects of gene expression
- collective effects in soft matter

Program and application information available at:
<https://www.grc.org/>

Conference supported in part by the National Science Foundation
and the Office of Naval Research

GRC Chairs: David Nelson & Dave Weitz, Harvard University

Vice Chairs: Heinrich Jaeger, University of Chicago &
Cristina Marchetti, Syracuse University
